Dear Andrea Hogan and the Town Board:

This year with the Corona virus and the situation we as a country are facing, I would like to express an interest in returning to the Johnsbury Youth Program as Art and Craft director; that is if we have a program. I am unsure what this year will bring, but I would like to create some kind of art program for our children.

Thank you for your consideration. I look forward to hearing from you.

Sincerely,  
Cheri Hayes
